SO, HOW DO I SPECIFY GORTITE® ROLL UP DOORS? IT'S EASY

- 1 Roll Up Doors shall be Gortite® brand manufactured by A&A Manufacturing Co., Inc., New Berlin, WI.
- 2 Roll Up Doors to be constructed of double-sided aluminum extrusions. The extrusions are to be 1-3/8" wide and 3/8" thick with satin anodized finish or painted to match truck body.
- 3 A flexible extrusion shall be between each slat to insure a weather-tight seal.
- 4 Aluminum extrusions shall be individually replaceable without disassembling the entire door by removing push out clips on each end.
- 5 Side channels for the door to ride in shall be provided with seals to prevent dirt and moisture from entering compartment. A single piece top drip rail shall be provided with a seal to prevent dirt and moisture from entering the compartment when the door is fully closed. Bottom of door also be provided with a seal.
- 6 All non-metallic parts to be glass-filled nylon.
- 7 Lift bar shall be made of stainless steel.
- 8 The door shall be capable of operating in temperatures of -40°F to 180°F.
- 9 Optional accessories shall include a magnetic door ajar system, compartment lighting, manual key lock, power lock, sill plate and pull strap for tall doors.

OUR EXCLUSIVE GORTITE® ROLL UP DOOR WARRANTY

A&A Manufacturing Co., Inc. warrants its GORTITE® Roll Up Doors to be free from defects in materials and workmanship for a period of three years from the date of shipment.

The spring-loaded roller carries a lifetime warranty. All parts, with the exception of electronic equipment (which are warranted for 1 year) are covered under this warranty to the original owner. On painted doors, painted finish shall be warranted for five years from peeling or blistering. Damage due to accidents or external causes are not warranted.
